THE "MARTYR" ON EXHIBITION .- The very Rev. Daniel Worth " showed up" last (Monday) night, at the City Assembly Rooms. Nothing was charged for Admission, though a collection was taken up before the meeting concluded, realizing the sum of \$154 25. There were not many people present, but what the meeting lacked in numbers was made up in quality, for a more fanatical set scarcely ever gathered together. The Rev. Mr. Worth made a long speech, deta ling his trials, troubles, and tribulations. He claims to be a native of North Carolina, and gives that as an excuse for his incendiary scis. Helper, also a North Carolina renegade, was present and made a speech, which by no means pleased the audience. He very justly said that speaking could do wonders. He said he had not promised to speak and that there should be a mutual contract between the parties, which should never be violated. Helper

The feature of the meeting, however, was the presence of a faithful son of North Carolina, Mr. A. Perry Sperry, who was there to hear what the deserters had to say. He came from the county which had the honor (?) of giving birth to the Rev. Daniel worth. He asked per-Rev. Slaveholders have gone his bonds to free him from the whipping post and prison; and I say that, although in your anniversary meetings you speak against us harshly, there is some kindoess left in the hearts of slaveholders. ("That's so," and loud enthusiastic applause.) I also say, in the presence of Mr. Worth, and before him, that I went myself to Sheriff Boon. Mr. Worth knows his name, and offered him a dollar to buy Mr. Worth a breakfast one morning. (Great applause.) I am a fair man, and honest in my opinions and views of the southern people; and I think, and Mr. Worth will agree with me, that all Druggist. the majority of the better class of the intelligent people of our State only want to be let alone on this slavery question. We want you to let us alone. (Cries of "We won't let you alone.") We want you to let us alone. (" We won't.") Then it is fight to the death. (" (fo in !") We must be let alone. (" We won't do Great confusion. Cries of hear, hear, hear him.) Not liking the manner in which Mr. Sperry was speaking, there commenced a scene of intense confusion. Ouestions were asked, exclamations made, and a general wrangling ensued. After a while Lewis Tappan, and two Yankee school teachers, who were sent away from Alabama, made speeches. As \$154 25 is not money enough to satisfy a man like Mr. Worth, he will no

REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING MAY 16TH, 1860.

TURPENTINE.—During the week just ended the market has been rather unsettled, and by reference to our table of sales below it will be seen that prices have declined 10 cents on new virgin, \$3 10 for dip and \$2 10 for hard. to distillers, who show but little disposition to purchase unless at lower rates. The receipts for the week have been larger, and the sales foot up 6,526 bbls., as follows:

SPIRITS TUBPENTINE .- During the week just ended the market has ruled quiet for this article, and under the advices received from other markets prices have been unsettled _ of 1200 bales. Flour is depressed; sales of 6,500 bbls. at a Dress Goods. closing on Tuesday at a decline of 12 cent on last week's quotation. This morning no sales have taken place up to and Southern 6 25 a \$6 60. Wheat is depressed; sales of Auction cost. the time of closing our enquiries; the market is rather dull, 15,000 bushels, white Western at 1 57 a \$1 60, Milwaukee testimonials only can be here given; see circular for more, and prices have a further downward tendency. The sales foot up only 1,452 bbls., viz:

and 163 do. at \$3 50 per 280 lbs. For Nos. 1 and 2 there In this unpleasant predicament, I was induced to try has existed scarcely any demand, and in consequence the the advices received, and prices have a declining tendency; -there is, however, only a small stock on market, which is held firmly at former quotations. We quote sales for the week of 8,077 bbls., as follows:

Wednesday,.... 319 bbls. at \$1 10 for small bbls.

TAR-Since our last the receipts have been rather better, and with less demand for shipment, the market has ruled quiet; we have, however, no change to report on former quota-SIAMASTON, Ala., July 20th, 1859. tion, though the market closes with a declining tendency. To Prof. O. J. Wood: Dear Sir: Your "Hair Restora-Received for the week about 1,150 bbls., which have sold at

BEEF CATTLE AND SHEEP-The market continues to be very poorly supplied with beeves, scarcely enough coming in to supply immediate wants. There is a brisk demand from \$1 50 to \$2 50 each. BARRELS-The arrivals of empty Spirits Turpentine bar-

dling; -since then no transactions have taken place for the want of stock. The finer grades are enquired for, and would sell readily at fair prices. Coffee. We have nothing new to report in the market for this article. There is a moderate stock of nearly all descriptions in store, whilst there is merely a retail enquiry, and the sales have been in the small way at prices quoted in

our table. CORN MEAL.-Little or none arriving from the country, and the market is poorly supplied, and rules firm at former rates. The sales have been confined to parcels from the granaries at 95 cents to \$1 per bushel, according to quantity. DRIED FRUIT .- There is only a limited demand from buyers, and but little on market. We quote apples at 34 a 45 cents, and peaches 6 a 8 cts. for unpeeled, and 8 a 10 cents per lb. for peeled, as in quality.

Eggs—Continue in brisk demand, and find ready sale from carts at 18 a 20 cents per dozen.

FEATHERS.—But very few on market, and we notice a fair enquiry. We quote at 45 to 55 cents per lb., according to FISH .- In this article we have nothing new to report .-There is a moderate supply of Herring in dealers hands, which sell at quotations. Other descriptions are in light

stock, and we refer to our table for store prices. FLOUR .- For State brands the market has ruled exceedingly active during the week just ended, under the advices received from abroad, though we have no quotable change to make on former prices. The receipts both by river and railroad have been quite small for some weeks past, and in consequence the stock has become very much reduced, and but little remains in first hands. In the early part of the week there was a brisk enquiry from buyers, and on Wednesday and Thursday about 300 bbls. changed hands at \$7 25 for superfine and \$7 50 per bbl. for family. Since then but little has been done in the way of sales, as sellers generally are holding at higher figures, which buyers are unwilling to give. We quote the market as closing firm and steady at \$7 for fine, \$7 25 for superfine, and \$7 50 for family.

FREIGHTS are quite active, and the rates for Sugar carriers are sustained with strong probabilities for an advance on

family. GRAIN .- In the CORN market we have no change of importance to report as regards prices. There is a fair supply in market, and dealers seem little disposed to operate at present prices ;- the receipts for the past two weeks have been quite small, and the larger portion has been taken for interior markets. Since our last 5,935 bushels have arrived, of which 1,250 bushels sold at 82 cents, 1,335 do. at 83 cents, 1,800 do. at 84 cents, and 1,550 do. (inferior quality) on private terms. We quote the market as steady at prices ranging from 80 to 83 cents per bushel, according to quality. -OATS. - In the absence of receipts we have no sales to report except in the small way. The demand is limited, and we notice a fair stock of former arrivals in dealers' hands. Last sales were at quotations in table. ——Peas.— The market is only moderately supplied, and continues to to J. M. Clark. rule firm for all descriptions; the demand, however, is principally for Com, and high prices are readily obtained. No Howell; with mdze. receipts or sales that we can hear of, and we quote nominally at 85 to 90 cents per bushel, as in quality.——RICE—For clean the market rules steady, though there is only a

small business doing. There is a moderate supply in first hands, and we quote sales at 4 a 4 cents in bbls., and 4 cents per lb. in tierces. GUANO .- None has been received for the past week or two, and in consequence the stock in dealers hands has beome somewhat reduced; it is, however, fully sufficient for the demand, and we quote sales from store at the following prices: Peruvian \$60; Reese's manipulated \$50; American 40; Sombrero \$35; Superphosphate of Lime \$50, and Land

Plaster \$10 per ton, in lots as wanted. HAY-The receipts for the past week or two have been meagre, and in consequence but few transactions have taken | Elliott. place. There is a moderate supply of former arrivals on market, and only a light demand at present exists. Only one small lot of Northern has arrived since our last, which is not yet sold. We refer to our table for last sales. LIME-None received for two or three weeks past, but we notice a fair stock in dealers hands. There is merely a retail Murray & Co. enquiry, and the sales have been confined to small lots from store at \$1 to \$1 10 per cask for common lump, in quantities M. Clark.

MOLASSES-We have no change of consequence to report | ner; with mdze. in prices. The stock of Cuba has become somewhat reduced in the absence of receipts for some weeks, still it is suf- Martin. ficient for present uses, as there is only a light demand from 13-Nor, Brig L'Union, Brtzen, from Boston, to Adams buyers. Selling from wharf at 26 cents in lots of 5 hhds., and 28 cents per gallon for single hhds. Provisions.—The arrivals of N. C. cured Bacon have

been unusually light for some weeks past, and in consequence the supply in first hands has nearly or quite all been worked | ter. off; there is, however, a moderate stock in the hands of retailers, and only a light demand exists. The transactions for the week have been confined to two or three small parcels from store at 11½ cents for hog round, and 13 cents per E. Murray & Co.

15.—Schr. W. H. Howard, Brown, from Sloop Point, to new feature to notice. There is a moderate supply in first Rankin & Martin; with naval stores. hands, and only a light demand, and the sales have been in the small way at 9 a 94 cents for shoulders, and 11 a 114 cts. | age; with naval stores. per lb. for sides ;-on Friday a lot of 10 hhds. sides sold delry for either N. C. or Western make, and there is a moderate supply on market. We notice small sales at 12 a 124 cents for the former, and 111 a 12 cents per lb. for the lat ter .- Pork .- There is a fair stock of Northern on market, and nothing doing except in the retail way. Quotations in table represent store rates, according to quantity and

SALT .- In the absence of receipts we have no transactions to report in either description, except in the small way from store. The stock of both Liverpool ground and Alum has become considerably reduced, and there is some demand .-See table for last sales. Shingles .- The market continues to rule dull for both

Common and Contract, in the absence of the usual demand for shipping. One or two small boat loads of Common have arrived and been sold at \$1 75 to \$2 per M. TIMBER .- We have no change to report in this article. The receipts continue fair, and the market rules dull for in-rerior quality; for prime mill there is a fair demand, and former quotations are readily obtained. The sales reach 25 rafts at \$4, \$5, \$6, \$6 50, \$7, \$8 75, \$9 50, \$10 75 a \$12 25

per M., cash and time-the latter price being for extra quality. FREIGHTS .- In the market for coastwise we have to report a decidedly dull feeling during the past week, notwithstanding the small number of vessels in port. There is at present but little produce offering shipment, and considerable difficulty is experienced in obtaining cargoes. See table rosin, 85 do. copper ore, 10 do. mdze., 16 empty kegs, 45

HAVANA, May 9 .- Since my last report operations have been quite extensive, particularly in the last days of April, shippers to Spain being anxious to dispatch their vessels in time to save them from the Quarantine, which is put on vessels arriving at any Spanish port from the West Indies after the lat of May. The market is again dull, and transactions are mostly confined to the lower grades at 8½ to 8½ for D. 8. No. 12. It is now a settled question that the crop will fall short, owing more to the fact that the planters commenced grinding very late than to the yield of the cane, of which there is still enough standing in the fields provided the weather continues favorable, which can hardly be expected when we consider that we are already in the month of May.

The stock en hand is estimated at 245,000 boxes, against 255,000 in 1858, and 328,000 in 1859.
